

Plastic Centrifuge Tube Racks

The centrifuge tube rack securely holds various types of centrifuge containers, effectively preventing sample spillage or tipping to ensure safety and accuracy during experiments. Jet Biofil's centrifuge tube racks are made of high-quality polypropylene (PP). They are durable, resistant to deformation, and maintain excellent performance even after repeated freeze-thaw cycles and high-temperature, high-pressure sterilization, making them reusable. A wide range of specifications is available to accommodate Jet Biofil centrifuge tubes, microcentrifuge tubes, cryogenic vials, PCR tubes, Bio-reaction tubes, and large-capacity centrifuge bottles, meeting diverse sample handling needs across different laboratory applications.

Compatible Types: PCR Tubes (0.2 mL), Cryogenic Vials (0.5–2 mL), Microcentrifuge Tubes (0.5–5 mL), Centrifuge Tubes (15–50 mL), Conical Centrifuge Bottles (225–600 mL), Bio-reaction tubes (15–600 mL)

Colors: Light Green, Dark Green, White, Blue

Materials: Polypropylene (PP), conforming to USP Class VI standards

Features

- ◇ Made of high-quality polypropylene (PP) for enhanced durability and strength
- ◇ Maintains structural integrity after repeated freeze-thaw cycles at -80°C and is autoclavable at 121°C
- ◇ Surface features numeric or alphanumeric markings for easy identification and experimental record-keeping ①
- ◇ Sterilized and non-sterilized available, sterilized by irradiation to SAL 10⁻⁶

Microcentrifuge Tube Rack

- ◇ Dual-sided structure to accommodate 0.2–5.0 mL tubes, providing a total of 186 wells
- ◇ Smooth-edged design ensures comfortable handling ②

Centrifuge Tube Racks

- ◇ Available in two specifications: 15 mL and 50 mL, each with 25 wells; offered in four colors
- ◇ Reinforced multi-ribbed support at the base ensures structural stability
- ◇ Stackable to save space

Centrifuge Tube Stands

- ◇ Simultaneously holds 3 wells for 2.0 mL microcentrifuge tubes, 3 wells for 15 mL centrifuge tubes, and 1 well for a 50 mL centrifuge tube
- ◇ Central well is compatible with 50 mL tube vacuum filters

Conical Centrifuge Bottle Racks

- ◇ Available in 3 specifications to accommodate 225/250/500/600 mL centrifuge bottles
- ◇ Base features multi-ribbed reinforced support for excellent load-bearing capacity and even force distribution, ensuring stable placement on shakers ③
- ◇ Stackable to save space
- ◇ Equipped with carrying handles for convenient transport during experiments ④

Ordering Information

Micro Centrifuge Tube Rack (Compatible with PCR Tubes, Microcentrifuge Tubes, and Cryogenic Vials)

Cat. No.	Applicable Volume (mL)	Holes	Sterile	Color	Stackable	Qty. Per Bag	Qty. Per Case
CTS003001	0.2	30	N	Light green	Y	1	20
	0.5	60	N	Light green	Y	1	20
	1.5, 2.0	72	N	Light green	Y	1	20
	5.0	24	N	Light green	Y	1	20
